ABOUT THE YARRA MAGPIES ACADEMY

The YJFL's Representative Program

YJFL and Collingwood NGA has combined to form the Yarra Magpies Academy (YMA). The Yarra Magpies Academy program is designed to identify and develop talented young footballers from the YJFL. The program aims to provide players with opportunities to improve their skills, develop their game sense, and prepare them for the rigours of elite level football.

Eligible players will be selected and elevated to Interleague teams to represent their league in the annual AFL Victoria Metro Development Series, Interleague, NGA games or representative matches.

In the past, the YJFL has compiled representative squads with the primary goal of competing against other leagues either by arrangement (Under 13), or through the AFL Victoria's Junior Metro Development Series for Under 14 and Under 15 aged boys and girls.

The major change is the program's purpose. Whilst between under 13 and Under 15 there will still be games played to pit the best players against other leagues and intra-league games, the primary focus will be on progressive AFL skill and personal development under a defined curriculum

that starts at under 13 and progresses through to Under 15, focusing on the skill execution expected for entry into the Under 19 NAB League competition. This means that all players in the program, regardless if they make the YJFL team, will get ongoing skills development, putting them in the best position for AFL selection at an older age. There are countless players, picked up on AFL or AFLW draft night, that did not make junior representative squads. This new program method ensures ongoing development for all in the program

The partnership joins Collingwood NGA coaches and YJFL coaches under the one Yarra Magpies Academy banner so players will have access to best in class coaching.

Players aligned (by residential geography) with other Elite U19 comp regions (eg Northern Knights or Eastern Ranges) should align with the league talent pathway (in YJFL's case the Yarra Magpies Academy) until Under 15 and align under geography at Under 16 into the U19 Comp Talent region.

Principles of the Yarra Magpies Academy

1. The Yarra Magpies Academy (YMA) will aim to provide the best model for football skill development
2. Align with the AFL strategy for involvement of AFL clubs in the pathway
3. Develop MI and Talent in preparation for entry into the under 17 level of the Under 19 Elite junior pathway
4. Boys and Girls developed to execute fundamental football skills at a high level
5. Where possible collaborate with Under 19 Elite Competition club programs to ensure smooth transition to U16s.

AFL VICTORIA METRO JUNIOR DEVELOPMENT SERIES

The AFL Victoria Metro Development Series is an inter-league competition that sees more than 1200 of the most talented under 14 and 15 boys and girls from Melbourne's metropolitan community football leagues compete against each other.

The series gives community leagues the opportunity to pick players whose performance at local club level has warranted selection to participate in the interleague competition, as part of the talent pathway to higher-level programs for boys and girls, such as the Coates Talent League.

This highly competitive event will see the best young talent from Yarra Magpies Under 14 and Under 15 boys and girls program compete against other representative teams from the Eastern Football Netball League, Essendon District Football League, Northern Football Netball League, Riddell District Football Netball League, South Metro Junior Football League and Western Region Football League.

The competition commences with night matches taking place on Wednesday, May 31, before continuing on the King's Birthday long weekend with games to be played on Saturday, June 10 and Monday, June 12.

The competition has expanded to now include an Under 14 Girls division, with a total of 69 matches to be played across the three match days in the following seven divisions:

- U15 Boys Division 1 and 2
- U15 Girls Division 1 and 2
- U14 Boys Division 1 and 2
- U14 Girls Division

25 different venues will host matches across the series, including Ford Park, Bellfield, RSEA Park in Moorabbin and Avalon Airport Oval in Werribee. The YJFL will host home games at Ford Park, Bellfield, and Binnak Park, Watsonia.

Live Streaming

Our digital partner, Gameface, will stream all YJFL home games with commentary.

Viewers can watch games LIVE via our YJFL Facebook or tune in to our Streamzone Match Vision Portal on our YJFL website.

Wednesday 31 May

- U15 Boys Div 2 - YJFL vs NFNL - 5:45pm

Saturday 10 June

Team Yarra - 10am - RSEA Park, Moorabbin

Team Magpies - 12pm - Martin Reserve, Hadfield

Monday 12 June

Team Magpies - 10am - Ford Park, Bellfield

Team Yarra - 12pm - Ford Park, Bellfield

Amber Smith (Canterbury JFC)
Under 14 Girls - Team Yarra

— UNDER 14 BOYS

Wednesday 31 May

Division Two - 5:45pm - Eltham Central Park, Eltham

Division One - 7:20pm - Eltham Central Park, Eltham

Saturday 10 June

Division Two - 10am - Ford Park, Bellfield

Division One - 12pm - Ford Park, Bellfield

Monday 12 June

Division Two - 10am - Tony Clarke Reserve, Macedon

Division One - 2pm - Binnak Park, Watsonia

Edward Beauchamp (Kew Rovers)
Under 14 Boys - Division Two

— UNDER 15 GIRLS

Wednesday 31 May

Division Two - 5:45pm - Binnak Park, Watsonia

Division One - 7:20pm - Binnak Park, Watsonia

Saturday 10 June

Division Two - 12pm - RSEA Park, Moorabbin

Division One - 2pm - RSEA Park, Moorabbin

Monday 12 June

Division Two - 10am - Walker Park, Nunawading

Division One - 2pm - Ford Park, Bellfield

Rosie Wilson (Richmond JFC)
Under 15 Girls - Division One

— UNDER 15 BOYS

Wednesday 31 May

Division Two - 5:45pm - Ford Park, Bellfield

Division One - 7:20pm - Ford Park, Bellfield

Saturday 10 June

Division Two - 10am - Scammell Reserve, Oakleigh

Division One - 12pm - Scammell Reserve, Oakleigh

Monday 12 June

Division Two - 10am - Binnak Park, Watsonia

Division One - 12pm - Binnak Park, Watsonia

Ashton Stojkovski (Parade St Damians)
Under 15 Boys - Division Two

U14 GIRLS PROGRAM

LUKE PARAMANATHAN
Head Coach

One of the most exciting things I've experienced this year is seeing the amount of new talent we have added to this program.

We brought in over 20 new players, who have lifted our standards on and off field to a level I never thought we'd reach so soon. I was lucky enough to coach majority of the group last year, so it made this year's transition to the standards/expectations we want a lot easier. Our returning players knew what I and the other coaches wanted, and they guided and supported the new players.

For the first time, the players had the chance to run through the combine testing. This was daunting for a lot of them, as they worried about their performance and how it would stack up against others, but I reinforced to them that this is a useful tool that can help guide them on their strengths and areas to improve upon, especially in comparison to their role on game day.

Our big focus this year has been embracing the motto "Side Before Self", with the players taking ownership of it by coming up with the main actions & behaviours they can do in order to express this. Some of the actions they've talked about doing is as simple as hi-fiving a team-mate as you go past, to picking up a team-mate after they've gone to ground in a tackle.

In addition, I've continued my focus from last year on fundamental skills, space (when to go into a contest and when to hold back), switch kicks and playing a game style that reinforces our weapons (and has elements that link to elite level systems). My goal as a coach, is to give every single player the experience of an elite

level program and to give them the guidance and support to allow them to have the best football careers. Whether that's in the AFLW, VFLW, Coates Talent League or local club, I want each of them to come from our program being better players and better people.

Key matchups:

Having 3 matches this year will be so good for the players, as it gives them a number of games to not only get used to the higher standard of these games, but more opportunity to implement everything we've taught them and show off their weapons. I'm most excited about our first matches, as these games are not only away in Maribyrnong and Cheltenham (which is far for a lot of our team) but we also have the chance to play at night, which is a first for a lot of these players.

Players to watch:

There are so many players to watch out for during this tournament, but here are some that I'm really excited to see play.

Team Yarra:

- #34 Tessa Berryman
- #43 Rose Corker
- #27 Lucy Edwards
- #5 Lily Parker
- #13 Summa Smith
- #35 Coco Balmain

Team Magpies:

- #23 Tilda Sinclair
- #12 Annabelle Roberts
- #15 Scarlett Bown
- #40 Polly Provan
- #28 Sophie Richardson
- #41 Ruby Douglas

In saying that, I know all 54 players in our squad will represent the YJFL incredibly well, and I can't wait for them to have the opportunity to shine on such a big stage.

Lastly, I'd like to thank my amazing coaching group: Turt, Cam, Jemma, Marco, Joey, Nicole & Joel. Their knowledge of the game, the way they interact with the players, and their determination to make every single player better is a testament to them as coaches/people.

Teams - Under 14 Girls (Yarra)

U14 BOYS PROGRAM

AARON JOHNSON
Head Coach

It's been an awesome experience this year watching how far our group have come both physically and mentally.

Picking two teams was extremely difficult given how good our depth is and the growth of our players.

We have had seven new additions come into our Division 1 side showcasing the depth of the YJFL competition. Some players are extremely unlucky to have missed out on playing in the upcoming series.

Key matchups:

All games look like they will have challenges, but I know the boys are excited to play Round 1 under lights against the Northern Football League. This will truly test us in our first hit out of the Championships.

Players to watch:

We have a number of players who have taken a great step forward with their personal development and we can't wait to see them dominate throughout the series.

Jake Tucker, Darcy Noonan and Jack Calthorpe have shown great class as running Half Backs.

Oliver Bond and Luca Phelan will both play a key role as extremely fit tall forwards for the modern game.

Ed Beauchamp and Micah McGown look primed to play a vital role as midfielders with Flynn Adler returning from a broken leg last season.

Key outcomes:

Our key outcomes from the Championship are centred around continued growth and development of our players while also exposing them to a few different positions they may have not played before.

We have had a massive focus on making sure our players have an understanding how to play as a forward, midfielder or as a defender.

The boys understand it's super important for everyone to play their individual role for the team, by doing so we will have everybody contributing giving them the ultimate success together.

Ollie Bond
Under 14 Division One

U15 GIRLS PROGRAM

PENNY CULA-REID

Head Coach

Over 70 girls trialled for the 2023 U/15 girls representative side over the past six months with the players taken through a series of skills, small-sided games and modified game simulation.

The group was narrowed down into a squad of 54, training once a week over the past six weeks.

As a coaching group, we identified the strengths of the group and modified the training sessions to educate and develop a deeper understanding of the game and allow the player's strength to be at the core in which we play the upcoming games.

The girls have really applied themselves to the drills and I have seen the growth of the group.

I personally have enjoyed coaching this group, they are receptive, open to learning and always have smiles on their faces when they are on the track.

Key matchups:

We are looking forward to testing ourselves against all the sides in this tournament. It's always good to see how you compare to other competition but our main focus is development.

Our players are looking forward to the Wednesday night games under lights,

Players to watch:

I'm excited to watch all our players perform, but there are some standouts from trials and training who have put themselves in a good position to have a great series.

Emily Rankin, Leni Lockyer and Elizabeth Wotherspoon have been outstanding whilst Isabelle Godfrey and Rosie Wilson are both exciting and talented players.

Isabelle Stoney and Abbey Billing both tested very well at the combine day and their athleticism and talent will be on display at the tournament.

Key outcomes:

The goals for these teams is to play with freedom in the parameters of the game plan in a way that showcases the players' strengths.

We are focused on working together as newly formed teams with effort and unity, and we are excited to compete at the championships.

U15 BOYS PROGRAM

VINCE DATTOLI

Head Coach

On Wednesday 31st May, our YJFL U15 teams begin their AFL Victoria Metro Junior Developments Series against the Northern Football and Netball League.

This year we square off against Northern, South Metro and Eastern football leagues, with both of the latter teams being played over the King's Birthday weekend.

If last year's U14's series is anything to go by, we should be seeing some close and exciting footy.

12 months on, we have seen the whole squad grow and develop at better rate than all coaches expected with many new players being added to this year's squad.

We look stronger, faster, taller and more all-round compared to last year which will hold us in good stead across the games.

The coaching group is generally excited with the talent of players we have across both teams this year with the depth of talent at our disposal being a strength.

Our depth will allow us to compete at high level across the entire carnival, where both teams are looking to play an attacking brand of footy with a focus on speed of ball movement along with a defensive transition which has been a major focus across our training sessions since we began in March.

Key players:

Sam Gayfer performed exceptionally in the combine day at La Trobe University and we are excited to see that translated onto the field.

Ben Wilson will captain the side and is one to watch out for with his ability and leadership qualities.

Key outcomes:

Our focus is the continued development of our players and ensuring that they are prepared to compete to their the best of their ability.

Our players are genuinely looking forward to the challenge of what the Metro Series provides knowing it will assist greatly in their football development playing high standard games against quality opposition as they look to take the next step in their football journey.
